

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

INTRODUCTORY.

It comes very convenient, and sometimes necessary, in the examination of real estate titles to know the location of some street, the name of which cannot now be found on the city map.

I have spent considerable time in getting the data for the following pages and I think the list is very nearly correct and complete.

The first column contains the former name of the street; the second column its present name, and in the last is given the date of the city ordinance changing the name. Where the name appears in the second column and the first is vacant, the original name will be found in the third column, and by referring to that name in its alphabetical order, the date of the change can be ascertained.

CHANGES IN THE NAMES OF STREETS.

ORIGINAL NAME.	CHANGED TO.	DATE OF CHANGE.
Abbott Street, west of Lovers' Lane.	Amherst Street,	March 19, 1887.
Adams Street, between west line of	Buchanan Street, Private Claim 30 and Scotten Avenue.	March 19, 1887.

THE CITY OF DETROIT.

DETROIT, by the Act of the Governor and Judges, dated Sept. 13, 1806, was in the form of an equilateral triangle, having each side of the length of 4000 feet. The Act of Oct. 24, 1815, fixed the boundaries of the City as follows. On the south, the River Detroit; on the east, the line between the Brush and Beaubien farms, on the west, the line between the farm of the heirs of William Macomb (Cass farm), and Pierre Cissne (probably Pierre Chesne), (Jones farm), and extending back from the river two miles.

March 30, 1820, the east line of the Cass farm was made the western boundary of the City.

August 5, 1824, the limits were extended to include the Jones and Cass farms, the Park Lots, Brush farm and the original Governor and Judges' Plan, extending back three miles from the river, the northerly line to run parallel to Jefferson Ave. This would take in a portion of section 31 in town one south of range twelve east. The Act of August 5, 1824, was confirmed by an Act approved April 4, 1827.

May 28, 1832, the city limits were extended eastwardly to include the Lambert Beaubien, Antoine Beaubien, Charles Moran, Louis Moran, Antoine Rivard and Mullett farms, and that part of Sections 29 and 31 in the rear of said farms and south of the northerly line of the old limits extended.

By the Act of March 26, 1836, the Guoin, Riopelle, Dequindre and Witherell farms were annexed to the City, together with that part of Sections 29 and 32 in rear of said farms and south of the north line of the old limits extended.

Feb. 15, 1842, the westerly line of the Witherell farm, and that line extended northerly, was made the easterly line of the City. This Act excluded the Witherell farm and the part of Sections 29 and 32 in the rear of it, which had been included in the Act of 1836.

The Act of Feb. 20, 1849, brought the Forsyth, Labrosse and Baker farms within the city limits.

Feb. 12, 1857, the portion of the Woodbridge, Lognon, Thompson, Lafferty, Peter Godfroy, Lafontaine, Stanton, Loranger, Jacques Godfroy (P. C. 729), Gabriel Godfroy (P. C. 728), Brevoort and Porter farms between the river and the Detroit, Monroe and Toledo Railroad, the entire Witherell and St. Aubin farms, that portion of the James Campau, Dubois, Chene, Joseph Campau and McDougall farms south of the northerly line of Leland street extended, and that portion of the B. Chapoton, Hunt and Leib farms southerly of Gratiot Avenue, were added to the City. The northerly line of

the City is designated as follows 'Thence eastwardly along the present northerly boundary line of said city to the northeast corner of private claim number 14) fourteen, known as the St. Aubin farm ' This description is somewhat uncertain, but the map makers of 1857 understood this to mean that the north easterly line ran in a direct line from the northeast corner of the city, as before established, to the corner of the St. Aubin farm, and did not follow the old line south to the "rear line of farms" and thence easterly to the corner of the St. Aubin farm, as the Act of the Legislature would seem to require.

The Act of April 12, 1873, which added to the City that part of the Mel-drum, Beaufait and L. Chapoton farms, and Private Claims Nos 678, 16, 38, 100, 679, 180, 734 155, 723, 264, 644, 10, 152, 337, and 257, south of a line running parallel to and 300 feet northerly from the north line of Fremont street extended, and that portion of Private Claims 725, 387, 724 688, 26, 641, 638, 697, 392 386, 385, and 345 (probably meaning 388) south of the northerly line of Jefferson avenue, was declared unconstitutional by the Supreme Court, (29th Mich. Rep'ts, page 116).

May 3, 1875, the City limits were extended to include the whole of the Porter, Brevoort, Gabriel Godfroy (P. C. 728), Jacques Godfroy (P. C. 729), Loranger, Stanton, Lafontaine, Peter Godfroy, Lafferty, Thompson, Lognon, Woodbridge, James Campau, Dubois, Chene, Joseph Campau, McDougall, B. Chapoton, Hunt and Leib farms, and all those parts of Sections 28, 29 and 31 in town one, south of range twelve east and of Section 36 in town 1 south of range eleven east, and of Section one in town two south of range eleven east, bounded on the easterly side by the easterly line of the Leib farm projected until it strikes the centre line of said Section 28, on the northeasterly and northerly sides by the centre line of said Section 28, and the southerly line of the Ten Thousand Acre Tract, and by that line projected easterly until it strikes said centre line of Section 28, and on the westerly side by the westerly line of Twelfth street and on the southerly side by the former city limits and the rear line of the farms.

The Act of May 26 1885, included in the city limits Belle Isle, and other wise extended the limits as follows beginning at the national boundary line 200 feet easterly of the east line of Baldwin ave. and extending northerly on that line to a point 200 feet northerly of Mack road thence westerly to a point 200 feet easterly of the Boulevard, thence northerly parallel with the Boulevard to a point on Private Claim 16, 200 feet northerly of the northerly line of the Boulevard extended, thence westerly parallel with the Boulevard to a point 200 feet easterly of the easterly line of Mt Elliott ave, thence northerly parallel to said easterly line of Mt Elliott ave and said line extended to a point in said Section 28, 200 feet north of the northerly line of the Boulevard extended; thence westerly parallel with said Boulevard to the easterly line of St. Aubin ave. thence northerly along said avenue to the northerly line of the

Pallister road or avenue; thence westerly along said avenue to the centre of Woodward ave.; thence southerly along said avenue to a point 224½ feet northerly of the northerly line of the Boulevard; thence westerly parallel with the Boulevard to a point in Section 52 of the Ten Thousand Acre Tract 200 feet west of the west line of the Boulevard in Section 2, town two south range eleven east; thence south parallel with the Boulevard to the northerly line of private claims; thence westerly along the northerly end of the private claims to the westerly line of Private Claim 30; thence westerly in a direct course to the easterly line of Private Claim 266 or Livernois avenue; thence southerly along said easterly line to the southerly line of Toledo avenue; thence easterly along said southerly line to the westerly line of Private Claim 39; thence southerly along the westerly line of Private Claim 39 to the national boundary line, and thence to beginning.

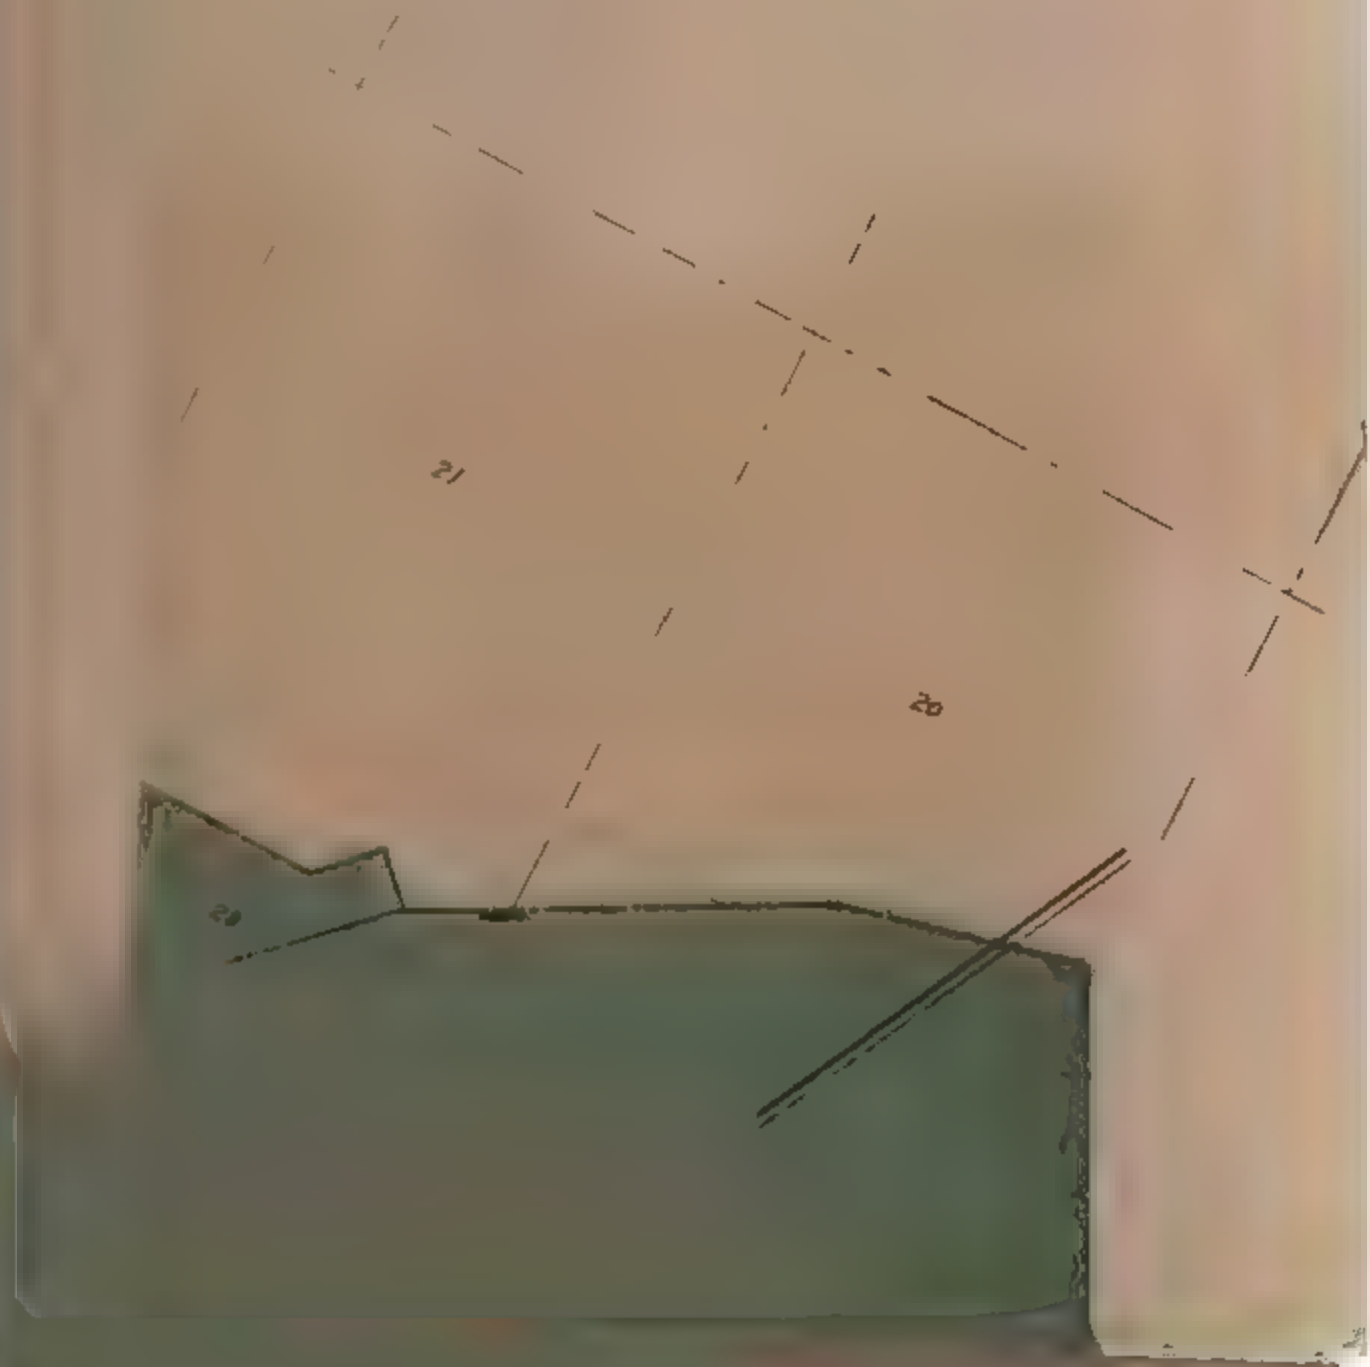

Another Act was passed June 20, 1885, further enlarging the city by adding two parcels; one, a parcel of land bounded on the easterly side by Woodward Ave.; northerly by the northerly line of Pallister Ave. extended; westerly by a line drawn parallel with and 185 feet westerly of Woodward Ave., and southerly by a line drawn 224½ feet northerly of the northerly line of the Boulevard. The other parcel includes all the land west of Private Claim 39, south of Toledo ave. and east of Artillery and Livernois aves.

The Act of May 13, 1891, gave the city a new boundary line as follows: commencing at the intersection of the national boundary line with the easterly line of Private Claim 257 extended; thence along said easterly line of Private Claim 257 to the Butler road; thence westerly along the rear lines of the private claims to the centre of St. Charles ave., and along that avenue to the centre of Strong ave.; along Strong ave. westerly and northwesterly to the centre of Mt. Elliott ave.; thence westerly parallel with the Boulevard to the easterly line of St. Aubin ave.; thence northerly along said easterly line to a point 233 feet northerly of the southerly line of Section 39 of the Ten Thousand Acre Tract; thence westerly parallel with the southerly line of said Section 39 to a point 233 feet easterly of the centre of Oakland ave.; thence northerly, parallel with said avenue, to a point indicated by and intersecting the easterly and westerly centre line of Section 23 of the Ten Thousand Acre Tract; thence westerly along the centre line of Sections 23, 24, 25 and 26 to a point 250 feet west of the centre of Crawford street; thence southerly parallel with Crawford street to a point 233 feet northerly of the centre of the Williams road; thence westerly parallel with the Williams road to the easterly line of Twelfth street; thence southerly along the easterly line of Twelfth street to the line of the city as fixed by the Act of June 20, 1885, and following the line as there established to the Detroit River, and thence to the place of beginning; and also including Belle Isle.
